Section IX. Accidental release measures

Person-related safety precautions Safety glasses with slide shields. Wear appropriate dust resistant clothing.

Measures for environmental protection Clean up spills in a manner that does not disperse dust into the air. Handle in accordance with good industrial hygiene and safety practices. These practices include avoiding unnecessary exposure and removal of material from material from eyes, skin and clothing.

Measures for cleaning/collecting Dispose of as construction waste.

Section X. Handling and storage

Store product in a closed dry container. Maintain good housekeeping. Store away from strong oxidizers such as ozone, liquid oxygen, chlorine, permanganate, etc. Follow good handling and housekeeping practices to minimize spills, generation of airborne dusts and accumulation of dusts on exposed surfaces.

Section XI. Exposure controls and personal protection

Protective clothing Safety glasses with slide shields. Wear appropriate dust resistant clothing. Wash contaminated clothing and clean protective equipment before reuse.

Engineering controls N/A

Section XII. Disposal considerations

Product recommendation Dispose of as construction waste

Uncleaned packaging recommendation

Section XIII. Ecological information

Non hazardous to water environments or other ecosystems.

Section XIV. Transportation information
